

June 6, 1928.

Mr. James A. Ramsey,
Wadesboro, N. C.

Dear Sir:-

Your letter of June 5th is received. I was in Wadesboro last Friday. The reason the contract was not let when the bids were opened was that there were not enough funds available with which to complete the building. Plans are being made to borrow additional funds, and certain modifications are being made in the plans. I think the contract will be let this week, and the building should be completed in time for occupancy early next fall.

I really think you are going to have a very excellent building, and the board seems to be disposed to do a very fine thing by this school. As I understand it, the building is to contain ten classrooms, a spacious auditorium, an office, and a library, and is to be heated by a central heating plant. Good equipment is to be installed, and I see no reason why all the people will not be proud of the finished project.

With good wishes, I am

Very sincerely yours,

W. F. CREDLE.
